## **II. ELIGIBILITY**

### **TEST LEVEL:**

All competitors/teams must be eligible persons and members in good standing of U.S. Figure Skating by the close of entries. Qualifying tests and ages for all events are as of close of entries Friday, March 9, 2025.

All skaters may not skate more than one level in each discipline, except as specifically noted below. Age restrictions apply as identified in the "Events" section. For Duets, entries must be according to the age and level of the highest test skater. Both skaters must have completed test minimum prerequisites. ALL ages are as of Sunday, March 9, 2025.

Skaters may enter any or all singles events for which they are qualified by test level or one level higher. Skaters cannot skate in different levels of the same event (example: A Character Junior level skater would not be allowed to skate Character Junior and Senior).

Skaters/teams entering beginner through pre-juvenile events will be divided as closely as possible by age at the discretion of the referee. If necessary, the referee will combine any events as needed based on entries.

Juvenile through Senior Elite events will be divided by draw.

Eligibility will be based on skill level as of the closing date of entries. It is very important to the success of the competition that skaters are placed in the correct divisions. If, for whatever reason, the Local Organizing Committee discovers that a skater or team has been placed in a category that is below their class level, the referee will have the option to move the skater or team into the proper division, even if this has to be done the day of the competition. This will ensure that every event is as fair as possible to the competitors. Please be sure to check for the 'director's/instructor's level of skater confirmation' on EntryEeze.

If an athlete, coach, parent and/or guardian needs assistance with confirming their eligibility, email [events@usfigureskating.org](mailto:events@usfigureskating.org).
