This competition is open to all eligible, restricted, reinstated or readmitted persons as defined by the Eligibility Rules.

Skaters must be a currently registered member of a U.S. Figure Skating member club, Learn to Skate USA® member, a collegiate club or who is an individual member in accordance with the current rulebook. For non-U.S. citizens, please refer to the [rulebook](#) for more information.

SERIES INFORMATION:

This event is part of the [Southern California Inter-Club Invitational Series](#). Top point scorers, at the end of the season, will be invited to the Invitational Final. Please see the Southern California Inter-Club Association website at <https://www.socalinterclub.org/scica-invitational-series> for more information.

II. ELIGIBILITY

Singles: Excel and Championship Track Events:

- Skaters must meet at least the minimum singles test requirements for the event's level. A skater's singles test level may be higher than the minimum requirement.
 - o Skate Up is allowed: skaters may skate up one level higher than their minimum test requirement allows.
- Skaters may not register for an event level lower than allowed by their competitive floor. An athlete's competitive floor is set by one of the following scenarios:
 - o If an athlete has a paid EMS series application for the NQS series, the event level registered for in the most recent NQS will become the lowest level they may compete at in any U.S. Figure Skating sanctioned event.
 - o If an athlete has a paid EMS series application for the Excel Series, the event level registered for in the most recent Excel series will become the lowest level they may compete in any Excel event. For Championship Track and Specialty events the skater will be permitted to register at one level lower than the "floor" set by their excel series entry.
 - o If an athlete has never had a paid EMS series application in the NQS or Excel series, the athlete may select their level based on their goals and technical skills as long as the minimum test requirements are met.
- Skaters are not permitted to enter an Excel free skate and a Championship Track free skate event at the same competition (example: Juvenile Girls Free Skate and Juvenile Girls Excel Free

Skate). However, they are permitted to enter an Excel and a Championship Track event of different types such as a short program (if stand-alone event option), specialty or showcase events (example: Intermediate Women Short Program and Intermediate Women Excel Free Skate). For more details about establishing event levels, refer to information sheet [HERE](#) or email events@usfigureskating.org.

All other Adult Singles and partner events (such as Adults, Pairs, Ice Dance):

- Skaters must meet the minimum test requirements for the events level but not exceed the maximum permissible test requirement.
